\$159

Included in the kit are:

- 5 Meters (16.4 feet) of 30 LED/meter 5 in 1 5050 LEDs that produce all the colors, warm white and cool white.
- 15 feet of weatherproof connecting wire • 3M 94 Primer for surface prep before sticking down strip.
- 1 Power Controller which provides power to the lighting strip.
- Multi-Function 2.4GHz Remote AND 2 AAA batteries. (Remote control from as far as 100 feet away.)
- Well written instructions, if I do say so myself.
- Silicone cap to fit over cut end if needed.
- 1 tube of Permatex Flowable Silicone for sealing light strip on all sides.

We are the leading company to produce a lighting strip that also has warm white and cool white or any color of white in-between.

We use a 5-in-1 chip which means EACH LED contains RED, BLUE, GREEN, WARM WHITE, and COOL WHITE. Of course, with millions of combinations available, you can select any color you want!
